This is a story of one woman's experience in finding value in herself and in her own life. She is surprised, and almost frightened, by her realizations and reflections, having come to a roadblock or at the least, a divided path in her, heretofore, busy, non-introspected life. At a time in her career when she wants only to run away, close her eyes and rest, her eyes are opened to beauty and understanding. She finds a peace that she did not know she sought and strength for appreciation and action.
